Career Objectives

Aspiring MERN Full-Stack Developer with hands-on experience in designing and developing scalable web applications. Proficient in MongoDB, Express.js, React.js, and Node.js, with a strong understanding of front-end and back-end technologies. Passionate about creating efficient, user-friendly solutions and continuously learning new technologies. Seeking an opportunity to apply my skills in a dynamic environment to contribute to innovative projects and enhance business solutions.

Experience

- Developed and optimized a Library Management System using the MERN stack, enabling efficient book tracking and user management.
- a Weather App that fetches real-time weather data using APIs and displays dynamic UI components
- Enhanced performance and user experience by implementing React state management and optimized API calls.
- Gained hands-on experience in front-end development, backend integration, and database management.

Education

K.S.RANGASWANY COLLEGE OF ARTS AND SCIENCE,THIRUCHENGODE. 2020 – 2023
BSc in Computer Science

- percentage:72

MUTHAYAMMAL ENGINEERING COLLEGE,RASIPURAM. 2023 – 2025
Master of computer application

- percentage:70

Projects

Library Management System *Cupertino, CA*

- Tech Stack: React.js, Node.js, Express.js, MongoDB
- Developed a full-stack Library Management System with a custom API.
- Implemented user authentication and signup, storing user data in MongoDB.
- CRUD operations for managing books and users efficiently

weather Forecasting Website *Redmond, WA*
June 2024 – Aug 2025

- Tech Stack:React.js, Node.js, Express.js, MongoDB forecasting app that fetches real-time weather data using an external API.

weather Forecasting Website

- Tech Stack:React.js, Node.js, Express.js, MongoDB
- Built a weather forecasting app that fetches real-time weather data using an external API.

Portfolio Website

- Tech Stack: React.js
- Created a personal portfolio website using React.js, showcasing skills and projects.
- Implemented a responsive design with smooth navigation and modern UI elements

Skills

Programming Languages & Libraries: React.Js, Node.Js, JavaScript, HTML, CSS, React-BootStrap, Tailwind Css

Database & Technologies: MongoDB, AWS Cloud Services, Git & GitHub, VS Code, Postman, Firebase.
